10. Our Clint

1- Sea Freight:

All types of goods whether conventional, containerized or Ro/Ro to and from any part of the world are transported with maximum care and speed due to the degree of organization, competence of the staff and optimal use of communication technology. Since we have offices in all Egyptian ports and through our good connection with Shipping Lines we are able to secure clients business with best ocean freight and best service.

2- Air Freight:

Through our airport office and experienced airfreight personnel we have managed to establish a strong airfreight base for worldwide in and outbound airfreight services.

3- Consolidation:

We handle a considerable share of the LCL market with great expertise due to the following:

Rapid unloading at Alexandria and Port Said ports and on carriage to all major cities.

Special care is taken to provide a fast & smooth delivery of your shipments through our experienced and efficient staff at our Alexandria Branch Low discharge cost in Alexandria and Port Said.

4- Custom Clearance:

Green Logistics has its own independent custom clearance department. Our customs brokerage team has the experience, efficiency and necessary know-how to ensure the smooth operation of clearance operations.

- Clearance
- Customs consulting
- Tariff and commodity interpretation
- Preparation of local documents
- Free zone and transit clearance
- Draw back and temporary import clearance

Green Logistics International

5- Inland Transportation:

We have contract agreement with trucking service provider with Best cost ever and full responsibility about what we carrying. Also, we have insurance Policy in all our trucks with very competitive cost of insurance.

6- Cross Trade Service:

Since we have found an increasing market demand for rates for shipments to/from other ports not including any Egyptian ports, we have assigned a team to efficiently follow up such requests. We are capable of booking and closely monitoring cross trade shipments and accurate documentation guaranteed.

7- Door to Door Services:

As a result of our all-inclusive services, we handle door-to-door consignments smoothly and efficiently relying on our best air & sea freights, reliable inland transportation to/from inland destination, and international coverage by our agent's worldwide and professional custom clearance & documentation staff.

8- Insurance

We believe we are one of the customers' business cycle. We try to protect their interests by offering insurance services. We offer our customers full risk coverage, which includes their site storage and shipments on all transportation types, Air, Land and Sea.

9- Our offices in Egypt:
